Exploring the data

The screenshot shows the Metreeca web application interface. The main content area displays a table of breweries with columns for name, opgericht (founded), and url. The table lists 15 breweries, including Bierbrouwerij Het Wapen van Well, De Bierfabriek Delft, and Brouwerij Emilia. On the right side, there are two filter panels. The first panel, titled 'categorie', shows filters for Bierbrouwerij (254), Brouwerijhuurder (230), and Brouwerijverhuurder (5). The second panel, titled 'provincie', shows filters for various Dutch provinces, including Noord-Holland (110), Noord-Brabant (101), and Zuid-Holland (63). Below these, there is a section for 'address locality' with filters for Amsterdam (47), Rotterdam (11), and Breda (8). The bottom right corner indicates '489 matches'.
